OLD-FASHIONED TONES TO MARK CLARK WEDDING

Bowling Green, Mo., June 28.—As a rule, the belle of the nation—and somehow the nation always manages to possess such an attractive figure—is the daughter of the President. At present, however, with the only unmarried daughter of President Wilson taken up entirely with intellectual and philanthropic pursuits, the place has been taken by Miss Genevieve Clark, daughter of the Speaker.

It is off that reason that her wedding June 30 takes precedence over all other events of the social season just closing. Miss Clark's decision to be married under the splendid old honey locust trees which surround the Speaker's home in Bowling Green and give the place its name "Honey-hurst," has lent additional interest to the event.

It is certain that she could have arranged a more brilliant function in Washington and have gathered an assemblage of notables that would have taken high rank in the social annals of the county. Instead she chose to have the wedding take place among the people who have honored her father and who regard her with a feeling of loving proprietorship.

Whole County to Attend.

Besides the array of distinguished guests who will be present practically all of Pike county will be on hand June 30 to see Miss Clark become the wife of James McIlhenny Thomson of New Orleans. The town of Bowling Green will attend to the last man, woman and child, every one of whom is represented in the elaborate silver service which is the gift of Miss Clark's home town.

Pike county has sent a case of flat silverware, so generous in the number of pieces that the bride-to-be need not be embarrassed to invite several hundred guests to dinner. The House of Representatives, under the leadership of James R. Mann, first announced a pearl necklace as its gift. Later it was changed to a diamond necklace, so costly as to make a liberal dowry for the bride in itself. Such a number of other gifts of gems, rugs, lace, furniture, gold and silverware, etc., is pouring in that the St. Louis police who have been detailed to guard them will have an arduous task until their removal to New Orleans.

The marriage ceremony will take place about 4 o'clock in the afternoon. The bridal party will make its way from the roomy veranda of the Clark home down a flower-bordered walk and across a rustic bridge to a spot known as "the jungle."

Dresses to be Simple.

Two of the bridesmaids, all of whom are related to either the bride or bridegroom, are Kansas City girls.

All the gowns will be simple and in keeping with the out-of-door setting. The bride's gown is of white tulle.

CLENDINEN HAS A NEW TRUCK

B. W. Clendinen & Co. have installed a new five ton, 1916 model, Buick motor truck, and it's a peach. It is perhaps the most attractive truck in the city, and for service, ranks with the best. This will enable the company to improve its already excellent delivery service.

BOY IS INJURED

An automobile belonging to Dr. Tate, of Newton, but driven by another party, collided with a bicycle ridden by Richard Ramsey Saturday afternoon, on Main street, opposite the Dothan cafe, the boy receiving painful injuries. He was rushed to a physician's office where an examination revealed that no bones were broken. However, he was severely bruised.

veiled in illusion of wild flower shades. The Rev. Robert Sherman Boyd, pastor of the Lee Memorial Church, in Louisville, Ky., a cousin of Miss Clark, will perform the ceremony.

On the lawn west of the home will be a large dancing pavilion and numerous booths for dispensing the wedding lainties.

Painting as a Gift.

Miss Clark is to receive as a wedding gift a handsome oil painting, said to typify Missouri home life more truly than any other picture production ever created in this state. G. Van Millett of Kansas City, who has devoted his work for twenty years exclusively to the painting of Missouri landscapes and figures painted the picture about two years ago. The people of Bowling Green bought the picture.

The picture is entitled a "Missouri Paragon." It is of a housewife sitting beneath the porch of a Missouri house. She is peeling apples, and through holes in the porch roof rays of sunlight are cast upon her. The holes in the roof, with the sunlight streaming through, carry out the paragon idea.

The frame of the picture goes to a gold plate on which is inscribed: "To Genevieve from Bowling Green."

NEW PASTOR RECOMMENDED

Hattiesburg, Miss., News Speaks In Highest Terms of Rev.

Robt. L. Campbell, Who Has Accepted "Call" to Dothan Church.

Letters granting the dissolution of the Rev. R. L. Campbell, for some years pastor of the Bay Street Presbyterian church in this city, from the Meridian Presbytery, who, after August 1, becomes pastor of the Presbyterian church of Dothan, Ala., were granted by the Presbytery yesterday. A letter of dismission to the Presbytery of East Alabama also was issued.

A high compliment was paid to Mr. Campbell by the Presbytery when it offered him the superintendency of Home Missions in the Presbytery, at a salary of \$1,800 a year. He has not yet given an answer, but it is generally understood that he will decline the offer with thanks.

Following a meeting of the Presbytery, this statement was issued:

The Rev. Robert L. Campbell having requested the dissolution of the pastoral relation existing between him and the Bay Street Church of Hattiesburg and the church having concurred in the request the Presbytery of Meridian does hereby reluctantly dissolve the said relation and grants to the Rev. R. L. Campbell a letter of dismission to the Presbytery of East Alabama, to take effect August 1, 1915.

"In granting this dissolution the Presbytery would place on record its sincere and heartfelt regret that in the providence of God it has become necessary for Mr. Campbell to remove from its bounds. In season and out of season, in weakness and in strength in good times and in hard he has labored with a zeal that has gotten great results for the Lord's cause. As a chairman of Home Missions of Synod and Presbytery, as president of the Orphanage Trustees, as a director of the Southeastern Presbyterian University and in many other positions he has labored unceasingly and earnestly. As pastor of a number of our churches and in the Home Mission fields his labors have been fine and full of success.

"We do most earnestly commend him to the Dothan church and to the brethren of East Alabama Presbytery."—Hattiesburg (Miss.) News.

MILITIA GUARDS GEORGIA'S GOVERNOR

GOVERNOR JOHN M. SLATON AND MRS. SLATON

Atlanta, Ga., June 26.—An entire regiment of Georgia National Guard is kept on hand to protect Governor John M. Slaton from mob violence following his commutation of the death sentence of Leo Frank, condemned for the murder of Mary Phagan. Two machine guns have been placed to guard the approaches to the governor's country home and a cordon of troops is thrown about the grounds. Riots in the city of Atlanta have kept the police busy since the announcement of the Governor's decision in the case.

Girl Goes To Show And Perhaps Saves Lives Of Several People

When Miss Willie Baker of Dothan and a lady friend, decided to go to a picture show in Bryn Mawr, Pa., the other day, they did not realize what an important event that would be, and how it was probably the means of saving the lives of three Dothan people.

Mrs. Jane Baker, mother of Mayor Joe Baker, and Dan Baker, members of a party touring the east, were intending to catch a train for Baltimore, but the train which they were to have boarded had a head-on collision with another train, and six persons were killed.

Mrs. Jane Baker, Miss Willie Baker and Dan Baker might have lost their lives if Miss Willie Baker had not gone to a moving picture show.

LETTERS FROM THE PEOPLE

Dothan, Ala., June 28, 1915. Editor Dothan Eagle:

The people of Dothan are still looking forward to the opening of the streets across the Coast Line Railroad, with a great deal of expectancy. For years we have waited for this, and yet it is a known fact that no individual or corporation can withhold city programs, when it is the desire of the majority that these streets should be opened up. Thousands of dollars of property belonging to citizens living on the north side of the railroad is practically lying out waste because of no opening of streets, so as to allow of access and egress, thereby leaving this land inaccessible for public traffic and use. This property would be greatly benefited by the opening of these streets.

There is only one street opened across the Coast Line R. R. that is practically in use, and yet there are more than 1,000 people on that side of the railroad, desirous of having more thoroughfares for their general convenience and safety. And too, in order that their heads may attain their true value.

The public is fully aware that there is no moral or legal reason in the railroad continuing to deny them what is rightfully theirs to demand, and if several hundred signatures are necessary to show the attitude of the citizens in this matter, why they can be readily obtained.

NEGRO WOMEN FIGHT SUNDAY

Ginger Cake Brown and High Yaller Baggage in Hair Pulling Contest on Principal Street While Large Crowd Taken to Show.

The unusual spectacle of a "ginger cake brown" and a "high yaller" engaged in a hair pulling contest on Foster street, the Broadway of Dothan, occurred Sunday afternoon, while probably forty young men of the city looked on, until the fight ended.

No admission was charged, however, the crowd would have been larger if the event had been advertised. Like gladiators of old, the two women met on Foster, and hostilities picked up immediately. It is said that only a few words were passed.

In view of the fact that no pistols, stiletos nor battle axes were in use, and the proverbial razor was conspicuous by its absence, no attempt was made to separate the belligerents, until finally a negro boy pulled the maddened negroes apart.

While the melee lasted, the women hung their fingers in each other's hair and pulled vigorously, talking and fighting at the same time. The spectators laughed.

The Marquis of Queensberry rules were not used, neither were any ground rules agreed upon, both parties having unrestricted use of the street and sidewalk.

When the women were separated somebody said "Run, get out of the way before the police arrive," but alas, the principals had no such good luck, both falling into the hands of Officers Daugherty and Hart.

Sunday Fight \$10.

It costs \$10 for two negro women to fight on Foster street, in Dothan, Sunday afternoon, this being the fine Mayor Joe Baker placed on both defendants today. Both women plead guilty, but Mattie Lee Kinney, who told the court she had a husband, was boiling over with rage, and just had to talk some.

"What do you do?" said the Mayor.

"Judge, I don't work. I have a husband supposed to be looking out for me. That woman has almost taken my husband."

"The more you talk the more it costs," came from His Honor.

At any rate, Mattie Lee Kinney is satisfied that her husband, who works at a local hotel, has been taking up entirely too much time with Mary Emma Ornes, who works at H. Blumberg's, and if the ginger cake brown and the high yellow had been given an opportunity and a little encouragement they would have fought in Mayor's court today.

Moral: Leave the other woman's husband alone if you don't want to fight on Sunday and get fined.

The Sheriff says Wilson has declined to return to Florida without requisition papers being served.

NO REVENUE LICENSES OUT

One of the best evidences that the prohibition law is being enforced in Dothan and this county, is the statement made by Sheriff John A. May today that no federal revenue licenses have been issued for Houston county for this year.

Heretofore, it has been customary for a pretty fair number of such licenses to be issued in Houston, but it would seem that a great change has been wrought.

After a successful series in Gainesville, winning three and losing one, the Dothan ball team returns to the home lot this afternoon for four games with Valdosta, Ga., this team having tied Dothan for first place.

Dothan and Valdosta have each won three and lost one game in the second half of the season, and both teams are more than anxious to procure a good lead. Consequently, some interesting baseball will be played this week.

It is very necessary for Dothan to obtain a healthy lead in the first part of the season, and the attendance and encouragement of the fans will help immensely.

**TAKE SALTS TO
FLUSH KIDNEYS**
Eat Less Meat if You Feel Back-
achy or Have Bladder
Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment—the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

PLAY 25 INNINGS

WITHOUT A SCORE

New Record Is Made.—Darkness Ends Game in Central Association.

Burlington, Ia., June 27.—Burlington and Keokuk in the Central Association played twenty-two innings to a scoreless tie today, breaking the records of organized baseball for the longest game without a score.

The game was called because of darkness. It was a pitchers' duel between Miller of Burlington and Watkins of Keokuk. Miller allowed seven hits and struck out seventeen men, while Watkins allowed six hits and struck out fourteen men. Both pitchers were strong at the close of the game.

The longest previous game without a score was between Portland and Oakland in the Pacific Coast League in 1910, when Willis and Krapp pitched eighteen scoreless innings.

The longest ball game on record was in Cleveland July 4, 1907 when the Brooklyn Athletic team defeated the East End All Stars 4 to 1 in thirty innings.

The Detroit Americans played Washington to an 18-inning scoreless tie in 1903, Summers.

SALMON DYNAMITE YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Salmon's Liver Tonic" Shows Your Liver
Suffer This Season and You Don't
Lose a Day's Work

Given up your sluggish liver? You
can't and cheerfully make your work a
pleasure; be vigorous and full of ambi-
tion. But take no nasty, dangerous
salmon because it makes you sick and
you may lose a day's work.

Salmon is mercury or quicksilver
which causes necrosis of the bones.
Salmon crumbles into your bile like
dynamite, breaking it up. That's when
you feel that awful nausea and cramping.
Listen to me! If you want to enjoy
the nicest, gentlest liver and bowel
cleansing you ever experienced just take
a spoonful of harmless Dodson's Liver

Tonic. When druggists or dealer
tell you a 30 cent bottle of Dodson's
Liver Tonic is your personal money,
don't purchase that cork stopper will
show your sluggish liver better than a
dozen of nasty salmon and that it won't
harm you at all.

Dodson's Liver Tonic is real liver
medicine. You'll know it next morning
because you will wake up feeling fine,
fresh liver will be working; headache
and dizziness gone; stomach will be
sweet and bowels regular.

Dodson's Liver Tonic is entirely vege-
table, therefore harmless and can not
salivate. Give it to your children.
Millions of people are using Dodson's
Liver Tonic instead of dangerous salmon
now. Your druggist will tell you that
the salt of salmon is almost stopped
entirely now.

LATE CULTIVATION PAYE.

The Fourth of July epidemic
among the farmers will soon be-
gin. Lay-by fever is very con-
tagious at this season of the year
when farmers begin to take to
the shade to eat watermelon while
the country doctor replenishes his
medicine case with antidotes for
billion's fever and other summer
complaints.

The crops will suffer for the
lack of surface pulverization, air
circulation and moisture. General
Greene will invade the fields un-
opposed. Boll weevils and other
insect pests will get in their des-
tructive work unmolested and
the fruits of the years labor will
be reduced by half as a result of
cultivating by the calendar and
lying-by the Declaration of
Independence.

There is no part of the cultiva-
tion of a crop that pays like late
shallow cultivation to keep the
plants healthy, growing and fruit-
ing; to keep down vegetation and
to conserve moisture at the time
both crop and evaporation is
drawing heaviest upon the mois-
ture content of the soil. It is
through July that corn needs
such cultivation and the same
should be extended in the case of
cotton pretty well through Aug-
ust. To stop cultivating a crop
July the first is just about as rea-
sonable as to stop feeding and try-
ing a horse because he is fat.

We know that the weather is
hot and you get tired but you
will be a great deal healthier and
your profits a great deal more if
you keep up moderate shallow
cultivation through the summer
months. Try it and we will apol-
ogize, if you find our advice to
be incorrect.

"I feel sorry for that poor, mother-
less girl."
"Well, why don't you marry her."
"What I want is a motherless girl
with a fair income."

IT WAS A GOOD THING.

"Excuse me, madam," said the
agent, addressing the lady who an-
swered his knock, "but I should like
to show you a little device that I am
introducing. All you have to do is
simply place it in your refrigerator
and it will save half the ice."
"Indeed?" exclaimed the lady.
"And do you guarantee it to save
half the ice?"

"Certainly, madam," he replied.
"Then why don't you boost your
business by offering two of them to
prospective customers?" queried the
wise female. "If one saves half the
ice, two would save it all."

HIS PRIVATE OPINION.

Mrs. Enpeck—Here's a story of a
man who actually sold his wife. Now,
what do you think of that?

Enpeck—Oh, there are some fool
men in the world who will buy any
old thing.

VERY NEEDFUL.

"Better tour that section. It is a
land flowing with milk and honey."
"How about places where you can
get gasoline?"

A REAL FAN.

"I understand Vanessa Wambet
likes baseball."
"Yes, sir. That girl likes it well
enough to pay for her own ticket."

UNPREJUDICED.

"Do you observe the golden rule?"
"Not strictly," answered Mr. Ursh-
well. "I'd just as soon take bank
notes or silver certificates."

SATIRICAL.

He—Did you know the mails
could carry salt snap?
She—Who ever doubted the mails'
capacity for soft soap?

NONE AVAILABLE.

Employer—Have you an answer to
this question?

SPECIAL NOTICE

To the Good People of Dothan:

During the storm on the night
of June 23, our new church in
North Highlands which we had
just about completed at a cost of
about \$1200.00 was blown down
and completely demolished. Our
misfortune came after several
years of faithful effort and even
now we are not discouraged but
are resolved to rebuild our house
of worship at the earliest possi-
ble moment. We have not heret-
ofore solicited subscriptions from
the public, but now in our hour
of misfortune we most earnestly
and humbly appeal to every one
who will, to help us in rebuilding
our church. Any amount, large
or small, will be most highly ap-
preciated. Contributions by
mail may be addressed to Rev. J.
H. Bell, pastor, or to Cubie Wal-
ker, treasurer,

SUMMER CLEARANCE SALE

June 24th. TWO WEEKS July 8th.

Sweet Dreams Is Highly Recommended For Keeping Mosquitoes Off—15 Cents

In economy Sweet Dreams is appealing, and in efficiency Sweet Dreams is a marvel. These are combined virtues of the most wonderful product.

When mosquitoes invade your home, then it is time to order

your bottle, and 'tis well to learn in the beginning that big drug-gists never suggest a substitute, but will hand you a bottle of Sweet Dreams with a smile that shows their appreciation of your patronage. At every big drug store.

Mrs. H. A. Denton, Byrd Farmer, Bob Clark, Ben Barnes and Richardson.

The party was chaperoned by Mrs. Green and Mrs. Mitchell Williams.

Personals—

Miss Willie Newman of Abbeville, and Miss Virginia Atkeson of Columbia, are the guests of Miss Estelle Green.

Mrs. W. W. Barnett, Mr. Will Chapman and Miss Jessie Mae Chapman attended the funeral of Mrs. Ab Chapman in Geneva today, whose death occurred Saturday in New Orleans.

Just Like a Woman—

A girl in town had a proposal of marriage Sunday night, and asked a week to consider it before filing her answer, testified T. A. Sawyer. She then organized herself into an investigating committee and began taking testimony from the married woman of acquaintance. The first one she visited used to be a belle and the most admired girl in town before she was married six years before.

The cross examination brought out the fact that she had three children and did all the work herself, including her ironing and washing, hadn't been down town for four weeks and that her husband hadn't given her but two dollars since she was married and that he had borrowed and forgot to pay back \$10 which her brother had given her for a Christmas present. He bought a new overcoat with the money, while she wore the same plush coat that she wore when he was courting her.

Another woman whom she visited quit teaching school three years ago to marry "the handsomest and best dressed man in town," and now she is supporting him.

A third didn't dare to call her soul her own when her husband was around, though she used to write some lovely emays when she was at school on the "emancipation of women," and the fourth woman she visited was divorced.

After visiting them and summing up the evidence she went home and wrote to the young man. She will be married to him next month. —Kansas City Journal.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and headache, and had a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound." —Mrs. P. W. LANSING, Box 8, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

WHERE MATCHES ARE MADE.

Teacher—Ethel, can you tell me where most of the matches are made? Ethel—I'm not sure, but I guess it's Germany, Sweden or heaven.

LOGIC.

Helen—Turn down the light, Bob, and then we can talk about love. Bob—But, my dear, we will then be in the dark about it.—Judge.

A FITTING REASON.

"Why do they call the national card game poker?" "Possibly because the winner shows in the cash."

LIMITATIONS.

"A statesman is supposed to be familiar with all public questions." "Yes," replied Miss Cayenne, "but not necessarily with all the answers."

VAGUE MEANING.

"Did your husband like our imported wine?" "He was just full of it when he was here."

DIVERS DO WONDERFUL WORK

Saving of Bullion From the Steamer Empress of Ireland Said to Be Record Feat.

All the mail and silver bullion on board the sunken Empress of Ireland have been recovered, as the result of one of the most remarkable feats of deep-water salvage ever attempted. When the ship was sunk near the mouth of the St. Lawrence it settled in the soft mud at the bottom of the river, which is 138 feet deep at low tide. She also heeled over at a sharp angle. Because of these conditions the divers were compelled to work at times at the unusual depth of 160 feet.

To familiarize the divers with the arrangement of the ship and the location of the strong box, paste-board models were made, and the divers were thoroughly schooled with these before being permitted to undertake the work. As a further precaution the first work that was done by the divers after a hole had been cut in the side of the ship was that of bulkheading all flanking doorways and passageways along the route to be followed inside the ship, so that no diver could go astray or get his hose, lifeline, or telephone connections tangled. To furnish as much protection as possible against the cold water each diver made was equipped with rubber gloves, which were made thin enough to enable the diver to guide himself where necessary by the sense of touch alone.

A NATURAL CURIOSITY.

"Funny, isn't it?" "What's funny?" "That grass widows don't weed."

PRECAUTION.

She—I saw the doctor today about my loss of memory. He—What did he do? She—Made me pay in advance.

VALUES IN MAINE.

The valuation of Maine increased in 1914 by the substantial sum of \$9,503,696. There was an increase of \$747,071 in the value of live stock; and an increase of \$685,391 in the value of automobiles. The total valuation of automobiles was \$4,647,516; live stock, \$17,961,696. The total valuation for the state is \$439,539,196. This is divided among the population would give every one of the 762,371 inhabitants \$592.56 each.

NEW WAGON NOT NEEDED.

In one West Virginia town it is reported they ordered a new automobile police patrol just before the new motor law went into effect. It was not delivered for some weeks and after seeing the result of the new law they cancelled the order, saying that the old horse-drawn vehicle could do all the work necessary.
